

Who We Are

The premier organization dedicated to advancing, connecting, and enabling women in all areas of motorsports — from the paddock to the boardroom.

We champion the growth, visibility, and leadership of women across racing, engineering, operations, marketing, media, safety, technology, and executive management.

Through national programming, strategic partnerships, and career development initiatives, WIMNA creates meaningful access and measurable impact across the motorsports ecosystem.

Whether you are a student, engineer, crew member, executive, sponsor, entrepreneur, or industry partner, WIMNA supports your growth and strengthens the future of motorsports.

"We are proud to support WIMNA's vital work and thrilled to share their commitment to empowering women in all aspects of motorsport and fostering the growth of future female leaders."

– Jonathan Applegate,
Mazda, Sr. Manager, Motorsports

"I'm truly honored to be part of WIMNA. Motorsports has been such an important part of my life, and I'm passionate about helping open doors for more women in the industry. WIMNA brings together people who care deeply about making real progress—and I'm excited to help spark those conversations and be part of the momentum."

– Allison Melangton,
Penske Entertainment, SVP
& WIMNA Board Member

"Before attending a WIMNA event, I didn't know where I fit in motorsports. Now I have mentors, real industry contacts, and a clear path forward. WIMNA didn't just inspire me, it gave me direction."

– Megan Pron,
Miami of Ohio,
Student
